Project background

Cutter Group is one of the world's leading suppliers of virtualized computing solutions. The group's cutting-edge expertise ensures sustainable and cost-effective solutions that optimize IT infrastructure performance.

Headquartered in the UK, with subsidiaries in Cyprus, the group's reach extends across multiple sectors.

Formed in 2005, the group established a strong reputation and impressive track record. Cutter Group has deployed and managed over 40,000 desktops worldwide and a diverse range of virtualized server environments.

Project description

Working seamlessly with clients, offices, and users worldwide is only possible with a robust PPM infrastructure.

Cutter Group relies on Monday.com to manage between 50 and 100 ongoing engagements.

Challenges

Managing many projects and mission-critical data via the customizable online productivity tool requires careful consideration.

This is particularly true at Cutter Group, which aims to deliver customers optimal infrastructure performance.

Backups play more than just a crucial role in protecting valuable data from human error and data loss risks for Cutter Group. Creating them ensures the business' longstanding reputation while maximizing colleague productivity.

Alongside data security and integrity questions, managers must consider how to maximize backup confidence while minimizing the time and resources required.

While Monday.com allows for manual exports, Cutter Group recognized the potential value of an integrated solution that automatically creates backups.

Solution delivered

After considering several solutions, Cutter Group chose to work with project portfolio management experts at FluentPro Software and the powerful capabilities offered by FluentPro Backup for Monday.com.

The powerful tool, which easily integrates with the world-leading project management system, provides Cutter Group with the backups needed - whenever they're needed - as well as "peace of mind."

FluentPro Backup for Monday.com equips Laurence and his team with the secure and reliable protection needed for the group's project management system.

The cloud-based solution runs automatically in the background, continuously backing up all boards, teams, users, and workspaces.

These automatically generated project backup copies ensure Laurence and his team have the files to recover from data issues quickly.

In the event of corruption or loss, Laurence believes the benefits of choosing FluentPro will be "immeasurable."

Getting started with FluentPro Backup was fast, according to the operations director. "It was very efficient. We were up and running very quickly."

Laurence is impressed by FluentPro's no-nonsense approach to Monday.com backup, commenting: "It's a product that does exactly what it is supposed to do with the minimum of fuss."

Cutter Group appreciates that a solution is only as good as the support that accompanies it.

Laurence is impressed by FluentPro's quick response times and excellent customer service.

Values delivered

Introducing FluentPro Backup enabled Cutter Group to realize achievements, including:

Increased data security

Enhanced backup confidence

Boosted efficiency

Easier data recovery

No risks of data loss or human error

Fully automated backup and recovery

Total protection of sensitive information

"At Cutter Group, everything we do is backed up securely to ensure we protect the reputation of our organization and the productivity of our colleagues.

"FluentPro Backup offers an efficient service and peace of mind.

"It's a product that does exactly what it is supposed to do with the minimum of fuss!"

LAURENCE TUCKER
Operations Director, The Cutter Group

About FluentPro Software Corporation

FluentPro Software helps organizations simplify and automate migration, implementation, configuration management, data protection, and Microsoft PPM solution integrations.

Established in 2010, FluentPro software is used to effectively manage Microsoft PPM Platform solutions (Microsoft Project Online, Microsoft Project Server, and Power Platform).

FluentPro works with some of the world's largest organizations, including Goodyear, Abbott, and NBC Universal. A Microsoft Partner in PPM, FluentPro has worked on multiple complex global implementations building sophisticated integration to external financial systems.

The business offers solutions for migration, disaster recovery/backup, configuration management, implementation, administration, business intelligence, and report development.

A US-based corporation headquartered in Issaquah, Washington, FluentPro employs a team of more than 60 to ensure it delivers innovative, high-quality solutions that generate the best results.
